

FIELD TRIPS

Daily Field Trips:

We have pre planned field trips for both the track out and summer camp programs. Field trips cover a variety of areas. Some field trips are educational such as the Museum or Planetarium. Others cover sports, outdoors or arts and crafts. You might catch us bowling, hiking, or painting pottery. Join us for some great traveling fun!

Note: All activities may not be available during a single week, but over a period of time, children will be exposed to most activities.

LTA Track Out & Summer Camp

Come Join us for some Summer Fun!

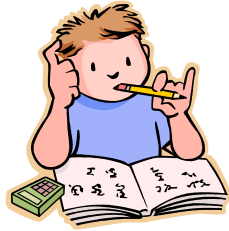

Our School Age Programs Include

- **Summer Camp**
- **Track Out**
- **Before and After care**

Phone: 919-367-7758

► After School and Track Out Specialties

Homework Help: We provide time each day for students to begin to work on homework. Our teachers are here to provide support to the students, however, we do not provide one-on-one help. We are more than willing to work with each family in regards to the homework policy.

Book Club: During our Summer camp and Track Out programs we frequent the Wake County Libraries. We encourage the children to read and to share their reading adventures with their friends.

Math and Writing Clubs: We encourage all students to participate in fun math and writing skills activities. These clubs happen weekly throughout the year.

Track Out and Summer Camp Activities

Cooking: Children will have different snacks and lunches to prepare based on the weekly themes. They will also learn about kitchen safety, read recipes, measurements and following directions.

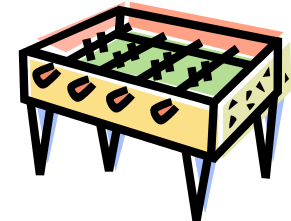

Art: All sorts of different medias will be used such as: Modeling clay, bead work, jewelry making, scrap booking, craft making, weaving, painting, canvas painting, tie dye, and many more!

Projects: Children will complete weekly or daily projects. They will be displayed for others to enjoy and then sent home.

Computer Games: Children have a computer in the classroom to play games or to do homework using Microsoft Word or related programs. However, they will not have access to the internet.

Indoor Games: Air hockey, foosball, ping pong, and mini pool is available for children for indoor fun.
